### All-round safety shoe, Engineered to protect in any work environment

The Safetystar by Safety Jogger is manufactured with the strongest materials and maintains the **highest quality standards**, that's why the Safetystar is ideal for any work environment.

The SafetyStar is the most commonly recognised safety shoe within the industry due to its **all-round usability** and **excellent levels of performance**. With its uniform style and functionality it can be used in a **multitude of environments** such as; warehouses, security, site work, construction, gardening and landscaping etc.

### Certified worldwide

Certified to the recognised **EN20345** and **ASTM F2413** standards, the **S3 rating** means you get **top level protection**:

- **steel toecap** for protection against impact
- **protective midsole** to prevent piercing from sharp objects such as nails
- **Heel energy absorption** for comfort
- SRC is the **highest slip resistance rating**
